## **BADONK-A-DONK < BSWDT >**

Some categories of baits keep getting better with age and innovation. After studying decades of walk-the-dog style saltwater baits, Bomber Saltwater Grade® refined the category to perfection with the new 2010 BADONK -A- DONK. Classic features blended with a new shape, smoking hot colors and cutting edge hydro-phonic innovations create the ultimate topwater weapon. The attraction starts with three sizes: 3 1/2-, 4-, and 4 1/2-inches to make sure you have the right size for any condition or fish mood. The BADONK-A-DONK is also offered in two independent sound frequencies, high pitch (Hp) and low pitch (Lp) giving the bait even more versatility for different conditions and a wide range of species. The BADONK-A-DONK comes armed with the heavy-duty saltwater grade hardware and components. All three sizes in the Hp and Lp are available in 15 hot colors, making the BADONK-A-DONK the answer to any walk-the-dog situation.
