TWIN TAIL SHRIMP < BSWTTS >

Bomber Saltwater Grade® rounds out the 2010 new soft plastic line up with the TWIN TAIL SHRIMP. An old stand-by for inshore, near shore and offshore fisherman alike, this classic design gets a major enhancement of FUSE™ scent and taste technology. The TWIN TAIL SHRIMP series is molded using saltwater grade plastic, available in both 4- and 5-inch sizes and in five hot colors. Designed to swim best on Bomber Saltwater Grade® JIGHEADS, this plastic is the “go anywhere and catch anything that a shrimp will” bait.
