## SUPER POGY < BSWSP >

Bomber Saltwater Grade® has redefined performance and durability in lipless rattle baits with the 2010 SUPER POGY. The lipless rattle bait has long been one of the most versatile baits in saltwater and the new Bomber Saltwater Grade® SUPER POGY takes it to the next level. Designed for long casts, slow to blisteringly fast retrieves and in both a low pitch and high pitch model (vibration frequency), the SUPER POGY is destined to be a deadly effective bait for fishermen on a huge variety of species. The Super Pogy comes in a 3 1/2-inch model with a #2 hook, is available in 12 hot new colors and sports the saltwater hardware and components you'd expect from Bomber Saltwater Grade® products
