

Instructions for your new

# MAMBA

## HANG-ON Treestand

### READ ME FIRST!!!

Please read carefully **BEFORE** using your new Mamba Hang-On Treestand.

Congratulations! You have purchased the finest commercially available treestand on the market today. The Mamba is designed and built to provide years of troublefree, successful hunting with a minimum of maintenance and care. This instructional information is provided to you to outline the recommended use, care, and maintenance of your Mamba Hang-On Treestand.

- **BEFORE USING ANY TREESTAND, MAKE SURE YOU WEAR A SAFETY BELT EVERY TIME YOU CLIMB!!!**
- **DO NOT USE THIS OR ANY OTHER TREESTAND IF YOU HAVE BEEN USING DRUGS OR ALCOHOL!**
- **FOR YOUR SAFETY, DO NOT USE ANY TREESTAND DURING STORMS, WHEN TREES ARE WET OR ICY, OR ON TREES THAT ARE LEANING OR THAT APPEAR DEAD OR DISEASED.**
- **DO NOT USE ANY TREESTAND IF YOU HAVE NOT FOLLOWED THE MANUFACTURERS CARE AND MAINTENANCE GUIDELINES!**
- **INSPECT CABLE FOR CUTS AND/OR ABRASIONS BEFORE EACH USE. REPLACE IMMEDIATELY IF CUTS ARE FOUND.**
- **FAILURE TO FOLLOW THESE INSTRUCTIONS MAY CAUSE SERIOUS INJURY OR DEATH!!**

*NOTE: Weight limit for this treestand is 260 lbs.*

#### Preparing for Installation

1. Select a tree with a minimum diameter of 8" and a maximum diameter of 22". The actual location of the treestand on the tree should be where the tree is as straight (ver-

Figure 1

tical) as possible.

2. You must first climb to the height at which you wish to install the treestand (by using a Summit SwifTree, screw-in steps, etc.). We recommend the use of a "lineman" type belt in addition to the safety belt, as it will make installing any non-climbing treestand easier.

3. Secure the cable and cable bracket to a tree with as little slack in the cable as possible, as shown in **Figure 1**.

It is very important to assure that the cable is completely seated in the bracket as shown in **Figure 2**. **DO NOT** use this treestand if you have any question about its' proper use.

Figure 2

#### Installing the Mamba Hang-On Treestand

We recommend following all steps at ground level to become familiar with installing the Mamba Hang-On Treestand before using it in a tree.

1. After assuring that your cable and cable bracket are securely attached to the tree, attach the treestand to the treestand bracket as shown in **Figure 3**. **YOU MUST** make sure to completely seat both sides (both "fangs" of the treestand as shown in **Figure 4**) into the slots in the bracket, as shown in

Figure 3

**Figure 5**. The treestand should now be connected and is ready for final adjustment (see **Figure 6**).

2. You can level the platform slightly by pulling it away from the tree and raising or lowering the back edge of the platform and repositioning it on the tree.

Figure 4

Figure 5

3. Refer to the safety belt instructions for proper use of the included safety belt. Be sure your safety belt is still securely fastened around you and the tree, then carefully place your weight on the center of the treestand to make sure it is securely attached.

4. To attach the seat of the Mamba to the tree, simply take the loose end of the strap that is attached to the seat in one hand and pass it to your other hand behind the tree, as shown in **Figure 7**. Now run the loose end of the strap through the tourniquet buckle on the other end of the strap. Secure the seat to the tree by pulling the loose end of the strap.

**Figure 6**

**Figure 9**

**Figure 10**

**Removing the Mamba Hang-On Treestand from the tree**

To remove the Mamba Hang-On Treestand from a tree, simply take the platform in one hand (while still wearing your safety belt) and lift it to remove the tension in the cable, as shown in **Figure 8**. Now rotate the platform to release the "fangs" from the cable bracket.

**Figure 7**

**Figure 8**

**Carrying the Mamba Hang-On Treestand**

1. To carry the Mamba Hang-On Treestand, use the strap that holds the seat against the tree to form a small loop, as shown in **Figure 9**.
2. The loop can then be used like a gun sling to hang the treestand over your shoulder, as shown in **Figure 10**.

Refer to the pamphlet included with your Summit Safety Belt for instructions on the correct use of the Safety Belt. **Please wear the Safety Belt at all times!! We care about your safety!!**

**LIMITED WARRANTY**

**(A) Warranty**

Summit Specialties, Inc. (Summit) warrants to the original retail purchaser that all products manufactured by it are free from defects in material and manufacture at the time of shipment for twelve (12) months from the date of purchase. Summit will repair or replace any part found defective if the unit claimed to be defective shall be returned to Summit, postage prepaid, within the warranty period.

This warranty shall not apply to any product which has been subjected to misuse; misapplication; neglect (including but not limited to improper maintenance); accident; improper installation; modification (including but not limited to use of unauthorized parts or attachments), adjustment, or repair. **THE FOREGOING IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED (INCLUDING THOSE OF MERCHANTABILITY AND FITNESS OF ANY PRODUCT FOR A PARTICULAR PURPOSE), AND OF ANY OTHER OBLIGATION OR LIABILITY ON THE PART OF THE COMPANY.**

**(B) Limitation of Liability**

It is expressly understood that Summit's liability for its products, whether due to breach of warranty, negligence, strict liability, or otherwise, is limited to the repair of the product, as stated above, and Summit will not be liable for any other injury, loss, damage, or expense, whether direct or consequential, including but not limited to loss of use, income, profit, or damage to material, arising in connection with the sale, installation, use of, inability to use, or the repair or replacement of, Summit's products.

Summit reserves the right to make alterations or modifications in its products at any time, which in its opinion, may improve the performance and efficiency of the product. It shall not be obligated to make such alterations or modifications to products already in service.
