System Three Pro
Electric VeloBind®/SureBind® punch and finisher

High-volume, high capacity finisher

This heavy-duty system easily punches and binds large VeloBind® or SureBind® jobs. Audible tone indicates when binding is complete, and timer is adjustable for faster turnaround on smaller presentations. Punch more efficiently with your choice of push-button, punch-sensor or foot-pedal control. The pressure bar holds documents (up to 3" or 750 sheets) in place while you bind.

VeloBind and SureBind spines

These spines add a smooth, book-like finish to your presentations. Both styles lock pages permanently in place without visible holes, tapes or fasteners and are perfect for mailing, filing or stacking.

Features and benefits

- Built-in debind function lets you revise sheets

- Ready light indicates when binding is complete

- Extra-large drawer for paper chips and pin debris

- Adjustable paper alignment guide

- Binds documents up to 14" in length
