
EASY-LAM

SCHOOL BUDGET LAMINATOR

We have rolled school laminator prices back to the 1980s with the new **EASY-LAM SCHOOL BUDGET** laminator.

Not only is the price stunning but the **EASY-LAM SCHOOL BUDGET** is a heated roller machine that laminates better than many more expensive heat shoe machines. And because it laminates school film at a lower operating temperature, you'll have fewer complaints about odor from film dwelling at high temperatures in enclosed school spaces. Running at a lower temperature will lower energy costs too!

Best of all, the **EASY-LAM SCHOOL BUDGET** is made in the USA.
