

ATV SPREADER

INSTRUCTIONS

This multi-purpose spreader allows you to dispense game feeds, seed, or fertilizer from your ATV. A few simple steps are involved to properly mount the spreader to your ATV.

MOUNTING INSTRUCTIONS:

1. Remove the two hitch pins separating the mounting bracket from the ATV body. Note the way the shut-off gate arm is removed from the mounting bracket.
2. Attach the mounting bracket only to the rear rack using the U-bolts and installing washers and nuts. The optional holes will allow for different brands of racks and positioning. Make sure the hole for the shut-off gate arm is on the top.
3. Holding the hopper body assembly, weave the shut-off gate arm through the mounting bracket hole then slide the main spine into the mounting bracket aligning the two pin holes. Place the 2 pins in the mounting bracket holding the ATV in place and install the spring pins.
4. Now connect the alligator clips directly to the ATV battery making sure the positive (red) clip is connected to the positive (+) post, and the negative (black) clip is connected to the negative (-) post.
5. The adjustment stop on the shut-off gate arm allows you to set the opening on the bottom of the container. Set the opening according to the amount and size of the material you wish to dispense.

OPERATING INSTRUCTIONS:

1. With the adjustment stop set and the shut-off gate in the closed position, flip the on/off switch to the "on" position. While moving at the appropriate speed, approx. 3 MPH, open the shut-off gate to broadcast material.
2. Adjust the stop on the shut-off gate arm, if necessary, to dispense more or less material.

THINGS TO REMEMBER:

1. While riding an ATV, always follow proper safety precautions as outlined in your ATV Owners Manual.
2. If the motor will not spin, check the battery connections.
3. After spreading fertilizer, completely wash out the hopper and dry. Fertilizer is extremely corrosive and can rust metal parts if not washed out. A light coat of oil on the metal parts and motor will also help stop rusting.

WARRANTY CARD

Please be sure to complete and mail in the enclosed warranty card. This will help us better serve your warranty needs.

THANK YOU

Again, Thank you for purchasing a Moultrie Feeder! Our customer service department will gladly help answer any questions you may have, Monday - Friday, 8:00 AM to 5:00 PM CST.
