Custom Binders

Vinyl Binders

Vinyl Binders are the most cost-effective and widely used type of binder and can be customized to make your presentation, storage or promotional packaging unique. Decorating techniques such as screen or litho printing, foil stamping, debossing or appliqué are available.

Casemade Binders

Casemade binders can have the look of a traditional hard cover book, using cloth and leather style materials with screen printing and/or foil stamping. Or, for a modern look and feel, choose 4-color process printing with gloss film lamination and a rounded spine.

Poly Binders

Poly Binders are flexible, lightweight and very durable. Ideal for outdoor or industrial use, they are water, grease and dirt resistant. Poly ring binders come in a wide variety of colors, and can be customized with decorative touches such as litho or screen printing and foil stamping.

Metal Binders

Metal Binders combine durability with an impressive, industrial look. Combine metal with other materials, such as poly, to create an unforgettable 3 ring custom binder that will impress your customers while protecting your valuable information.

Easel Binders

Easel Binders double as presentation binders and are perfect for meetings and tradeshows. Give your sales team this great tool to make an impressive presentation that is sure to close the sale!

Paper Presentation

These binders and folders are offset printed, screen printed or foil stamped with a gloss or matte finish. They are light and easy to use. Choose from our vast library of standard designs with a variety of pockets, shapes and sizes or create your own unique design.

Stitched Binders

Stitched Binders present the look of luxury and style! We customize stitched leather binders, zippered binders, pad holders and other presentation and promotional packaging to meet your unique business needs. Import services available for custom designs.

Multi Material Binders

Make your presentation and promotional packaging really stand out with Multi Material Binders. Combine different binder materials and finishes for a totally unique look in a ring binder.

Decorating Techniques

With over 65 years in the business and a production staff averaging more than 25 years, when it comes to decorating, we know what works and what doesn't. If you're looking for something besides standard silk-screen or offset printing, take a look at these options you may not have thought about.

Pad Holders

Our customizable pad holders are both functional and stylish. Design a pad holder with pockets, flaps, clips, photo and pen holders. Decorating options include appliqué, deboss, screen printing, plus tabbed, metal, vinyl, standard or small format sizes.

Slipcases

Choose from various sizes of our standard 3 ring binders and slipcases or let us create a custom design to your specific requirements. Options include multiple types of printing, decorating, finishes, construction and materials. Call for specific options!

Tote & File Boxes

Tote, presentation and mailing boxes. Magazine file and collectors. All customized with your logo and graphics. Vinyl, paper, corrugated board, textured materials—in all shapes, sizes and designs. Simple, fancy and odd-shaped with space for multimedia and binders.

Multimedia Packaging

Package your multimedia products in enticing, brightly colored boxes, slipcases, holders, mailers or binders that prominently display your company products, logo and message. We have a wide variety of packaging options that show your CDs, DVDs, software, music, etc. in their best light. Let us create a unique custom package for your multimedia products.

Marketing / Sample Kits

With a custom designed marketing or sample kit, your sales team will have an effective way to show off your product samples and get more sales! Include custom die cut foam inserts, shapes, closures, latches and any size you can imagine.

Index Tabs and Dividers

Organize your promotional and presentation binders with professionally printed index tabs and dividers to quickly locate specific information. Custom index tabs can be die cut in unique shapes or designed to match product or company graphics.
