A GLOVE YOU CAN TRUST

FT8540 Isotoner® smarTouch® Gloves

FIT TO CONNECT

smarTouch® Gloves allow you to perform multi-touch functions with gloves on.

- * The heritage ISOTONER® glove construction creates snug fingertip fit to ensure optimal touch screen functionality.
- * Quality Active Stretch fabric with Lycra® spandex gives freedom and flexibility.
- * The patent-pending shape of the conductive metallic threads on each index finger and thumb aid in the pinpoint performance of the glove, allowing you to operate touch capacitor screens without removing your gloves.
- * Non-slip silicone textured palm improves grip.
