<b>Short Description</b>	Perfect for backyard and family use. Weatherproof, motion-activated, and easy-to-use, this digital BirdCam captures photos and videos of your birds while you are away. Records to SD card or internal memory. No tools, wiring, or software required. Many mounting options. "Smart Sensor" technology ignores feeder movement and minimizes 'empty' shots!	This enhanced BirdCam has increased resolution, a timelapse feature, and a flash for nighttime photos! Weatherproof, motion-activated, and easy to use. Records to SD card or internal memory. No tools, wiring, or software required. Many mounting options. "Smart Sensor" technology ignores feeder movement and minimizes 'empty' shots!	Fast-forward your plants with this weatherproof, timelapse digital camera. Photos are converted into a video so you can watch a long period of growth in a very short time (example: 1 month in 30 sec.). Records photos and videos to SD card or internal memory. View images on any TV or computer. No tools, wiring, or software required.	Mounts on any bird feeder pole with an outside diameter of 0.5-1.5 inches, or to any post, wall, or tree. Has a unique 'elbow' joint that adjusts the mounting arm to angles of -60, -30, 0, 30 and 60 degrees. The 'ball joint' on the mounting arm connects to the standard tripod mount at the bottom of the BirdCam allowing the BirdCam to swivel 360 degrees.
