**Adjustable timer with LED light
indicates when seal is complete.**

A perfect seal every time.

No need to guess!

The *PORTABLE* shrink-wrap system that will “SHRINK**” your packaging costs!**

Your **Best Value** in a portable shrink-wrap system. Where else can you get all these **FEATURES** in one affordable system?

FEATURES

- * Adjustable Timer with LED Light
- * 5 Different Sizes
- * No Assembly Required
- * Portable and Light Weight
- * Reversible Silicone Sealing Pad
- * Heatgun Plugs Into Main Unit
- * Sleek Design
- * Built to Last
- * New Cutter Blade Option

BENEFITS

Cuts & seals film automatically. No need to tear your package away. Use any type or gauge of film and still get a perfect seal every time.

13 in. 18 in. 24 in. 32 in. 40 in.
Choose the best size for your needs.

The **Super-Sealer™** is ready when you are. Uses regular 110 V household current. There's no warm-up or cool-down time EVER!

Put your **Super-Sealer™** anywhere or take it with you. Only 11 in. wide and weighs less than 30 lbs.

Eliminates costly replacements - If one side wears out, just flip it over and use the other side.

Takes only one wall outlet to operate the entire system.

No need to hide your **Super-Sealer™**. It will look great on your countertop.

Maintenance free industrial construction

Built-in cutter blade on arm slides easily to cut tube films. Designed to create your own shrink bands or bags.

Made in the U.S.A.

TWO YEAR FACTORY WARRANTY!

Comes complete with FREE roll of film, maintenance kit and *Ultra-light* industrial heatgun! STANDARD unit is also available. Refer to price list
