(PLUS version)

Product Summary

STANDARD version features:

- ▶ **Round Holes:** Standard 4mm round holes.
- ▶ **5 Disengageable Pins:** Specially designed disengageable positions guarantee a clean punch with most standard paper sizes, making the CoilMac-ECI very simple to use.
- ▶ **STANDARD 4:1 Pitch (0.250"):** Standard pitch for coil binding. Punches 43 holes in a 11" sheet.

PLUS version features:

- ▶ **OVAL holes:** Special 4 x 5mm oval holes. The first & only equipment of its class to offer this advanced feature. Makes coil insertion much faster as compared to standard round holes. When used together with our HD Electric Coil Inserter, it will drastically save your coil insertion time by up to 50%.
- ▶ **FULLY Disengageable Pins:** For a completely clean & professional punching of any paper size, all 54 pins can be independently pulled & disengaged.
- ▶ **LETTER 4:1 pitch (0.248"):** This revolutionary 0.248" coil pitch is specifically designed to give you 44 evenly-centered holes in an 11" sheet, which provides the most ideal hole to edge-of-sheet margins and easier coil insertion. Hole pattern is 100% compatible with STANDARD 4:1 pitch coils.

Common Features:

- ▶ **Extended Single Punching Length (13"):** With open ends & continuous punch guide to easily punch documents of any length (up to 26").
- ▶ **High Volume Punch Capacity:** Suggested up to 20-sheet* for 20 lbs paper, or 2.6mm (28-sheet equivalent)** for hardboard, in 13" length (53 holes).
- ▶ **Super Strength Punch Mechanism with exclusive "Precision Guiding System" Blade Set:** Cast-hardened & heat-treated steel dies provide superior strength & hardness. Exclusive "precision guiding system" guarantees a sharp & clean perforation every time.
- ▶ **Exclusive EZ Inserting Table™ with Detachable Design:** Expedites the inserting of coil into the document; reducing costs and binding time. Detachable design allows the Punch & Inserting Table to be placed side-by-side, allowing one person to punch the paper while another person to insert the coils... a great time-saver on those time-sensitive binding projects.
- ▶ **Side Margin Control:** Provides an evenly centered punch for all document sizes.
- ▶ **Punching Margin Control:** Provides the correct punch-margin-depth for each coil size and maximizes the document's tear resistance.
- ▶ **Open Throat and Continuous Punch Guide:** For an easy alignment and punching of longer documents up to 26".
- ▶ **Rugged ALL Metal Construction:** Makes it the most reliable & durable coil binding system in its class.
- ▶ **Large Waste Drawer and Non-Skid Feet**
- ▶ **ISO9001 & 14001 Quality:** Manufactured under ISO9001 & 14001 guidelines for highest quality control & environmental management standards.
- ▶ **Includes Coil Diameter Selector**
- ▶ **OPTIONAL:** Premium Oval Coil Crimpers

Specifications

Model:	CoilMac-M	CoilMac-M+
Pitch Available:	Standard 4:1 (0.250") [Other pitches also available upon special request]	Letter 4:1 (0.248")
Operation:	Punching - Manual Inserting - Manual (with EZ Inserting Table™)	
Single Punch Length:	13" (53 holes)	13" (54 holes)
Hole Size:	Round (4mm)	Oval (4mm x 5mm)
Disengageable Pins:	5 out of 53	All 54
Suggested Punch Capacity:	Up to 20 sheets for 20 lbs paper* Up to 2.6mm for hardboard (28-sheet equivalent thickness)**	
Suggested Binding Capacity:	Up to 2" (manual insert)	
Weight & Volume:	35 lbs & 2.50 Cb Ft	
Warranty:	1 year
