

FlexiPunch Series

[Modular Punch System]

Heavy Duty Modular Punch with Interchangeable Die Feature

An affordable punch system with the flexibility & reliability you demand

**Punches
20-25
sheets
Per Lift!**

FlexiPunch-E
(Electric Version)

FlexiPunch-M
(Manual Version)

Quick Die Change Design
Easily change from one punch pattern to another within seconds, no tools needed!

Choice of 4 Die Sets
• Coil 4:1 • Wire 2:1
• Wire 3:1 • Comb

Fully Disengageable Pins
Each punching pin is easily disengageable, guaranteeing a clean punch for any paper size.

Adjustable Depth Margin
This key feature provides an optimal depth margin for each book thickness.

FlexiPunch Series

[Modular Punch System]

FlexiPunch is a versatile modular punching machine with an affordable price that gives you the binding options you need in everyday work. You can do a coil binding job, and minutes later squeeze in a wire or comb binding project using the same primary punch. The high-quality precision die sets of this machine will last for years of production. One die set of your choice is provided with the unit.

FEATURES

- ▶ **High Volume Punch Capacity:** Up to 20-25 sheets of 20lb paper per cycle. Foot pedal operated on electric model.
- ▶ **Heavy-duty Motor & Gearbox (electric model):** Provides more than enough punch power for all die sets.
- ▶ **Interchangeable Die Sets with Quick Die Change Design:** Easily change from one punch pattern to another within seconds, no tools needed!
- ▶ **Fully Disengageable Pins on all Dies:** Allows punching of all paper sizes without partially punched holes at either end.
- ▶ **Choice of 4 Different Punch Dies:** Choose from Comb (rectangular holes), Wire 2:1 (square holes), Wire 3:1 (square holes) and Coil 4:1 (0.2475") (round holes).
- ▶ **Adjustable Depth Margin:** Available for all punch dies, this key feature provides the correct punch margin depth for each element or book size.
- ▶ **12" Single Punch Length with Open Ends:** Enables easy punching of Letter or A4 sizes, as well as even longer sheet sizes.
- ▶ **Built-in Anti-Jam (Reverse) Feature:** When sheet overload is detected, machine automatically retracts and stops punch operation to avoid downtime.
- ▶ **Rugged Heavy-Duty Design:** All metal construction, including heavy cast side plates. Non-skid feet.

Switching Die Sets
is as easy as 1-2-3!

Suggested Supplemental Modules

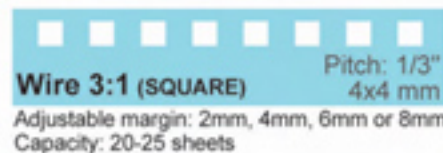

We offer a variety of supplemental modules to the FlexiPunch, that will help you complete your binding jobs faster and easier.

Shown at right on top of the FlexiPunch-E is our **Finish@Coil E1** Coil Inserter/Crimper module. This combination is the world's first to allow an operator to punch the sheets, insert & crimp coils (sizes 6mm-50mm) all by electrical power! Similar modules are available for wire binding (**WBM532**) and comb binding (**CBM650**) as well.
