

# PRO 330 Pouch Laminator 13"

0080330

The PRO 330 pouch laminator is a versatile laminator designed to protect and enhance everything from luggage tags to your most precious photos.

Make vivid colors stand out on important documents. 4 silicone rollers make lamination easy on documents up to 13" wide.

This photo pouch laminator features an infrared heating system and adjustable temperature control with overheating protection that ensures consistent, high quality lamination.

Laminating pouches from our wide selection of laminate can accommodate all of your pouch laminating needs from credit cards to menus.
