- 1- Handle
- 4- runners
- 4- Casters
- 2- Side panels
- 1- Back panel
- 1- Base
- 1- Bottom Shelf
- 1- Door

- 1- Drawer
- 1- Slide out shelf
- 1- Lower cover beam
- 2- Rubber stoppers

- Tools Required**
- 1- screw driver

Step 1

Assemble back and side panels by sliding locking tabs together.

Step 2

Lift back and side panels onto base frame making sure the tabs slide over inside of base.

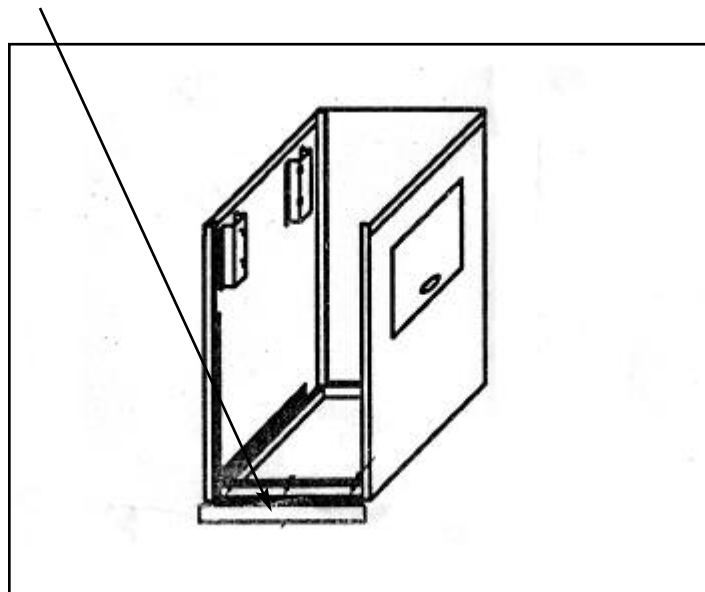

Step 3

Lay unit on back and install two self tapping screws through back panel into base frame.

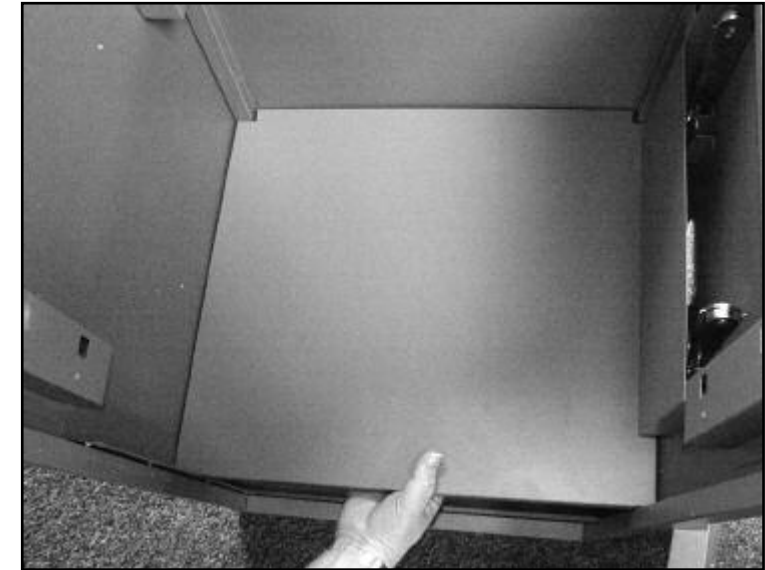

Step 4

Install lower cover beam using two cup head screws and washers.

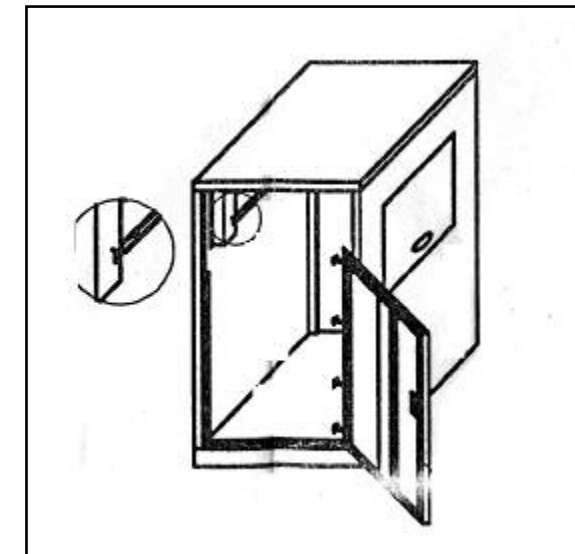

Step 5

Turn unit right side up and install bottom panel. Then install lid of unit making sure all tabs lock into place.

Step 6

Insert runners by sliding tabs on runners into slots on inside of cabinet. Then install door with 4 self tapping screws.

Step 7

Install top slide out shelf and drawer on runners. Push in firmly.

Step 8

Turn unit upside down and install casters. (casters with breaks are typically installed on front of unit).
