

ASSEMBLY INSTRUCTIONS FOR WMR16TN MAGAZINE RACK

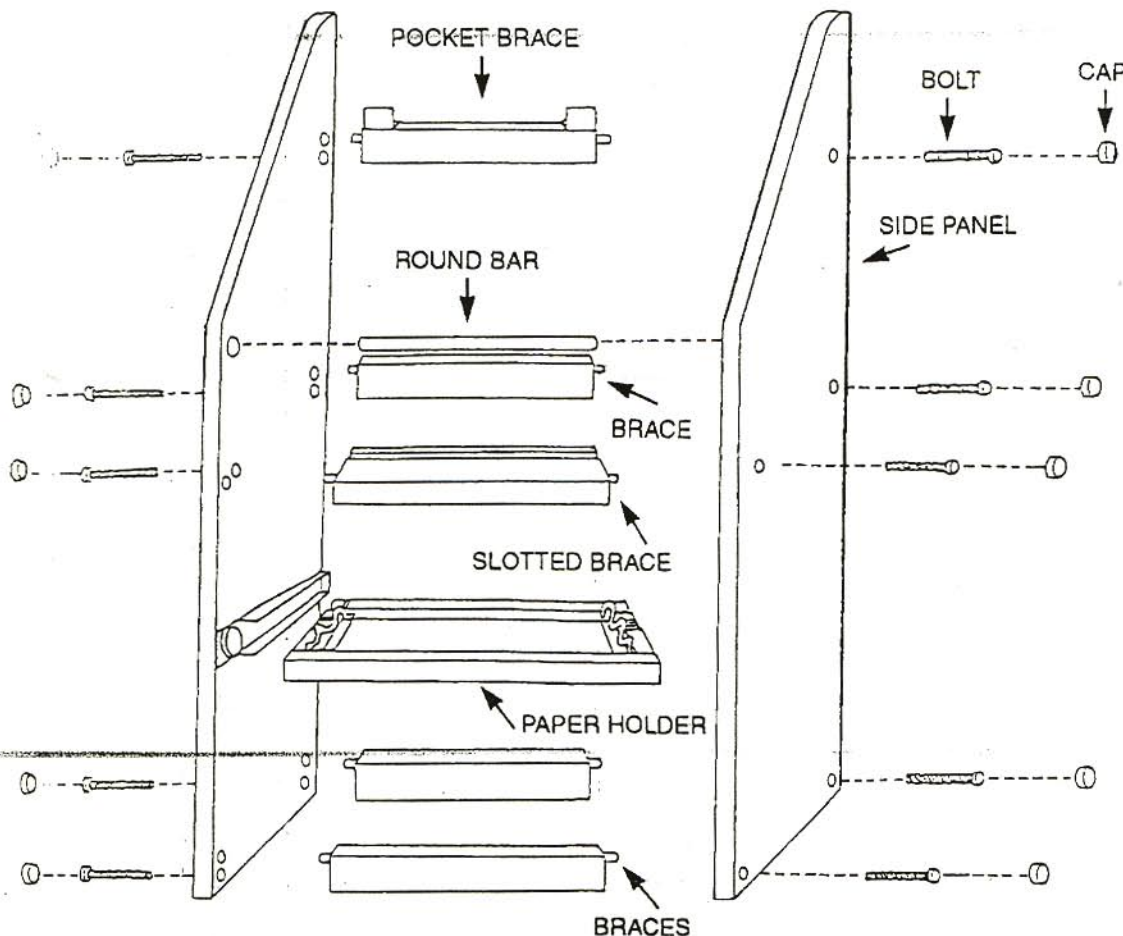

USE SCREWDRIVER TO LINE UP CAM WITH BOLT

PARTS LIST

- 2 - Side Panels
- 4 - Glides
- 1 - Round Bar
- 1 - Pocket Brace
- 1 - Slotted Brace
- 2 - Braces
- 1 - Paper Holder
- 10 - Bolts and Cams
- 10 - Caps

The above diagram is a reference for assembly. Bolt goes through side panel and into brace. Cam is then inserted. Bolt goes into cam and is tightened.

NOTE:

Assembly is easier with two people. Assemble braces to one side panel first. After all parts are secured on that side, insert round bar and shelves. Carefully align remaining side panel.

FOR WMR24TN

1. Assemble both racks according to instructions.
2. Place WMR8TN on the right side of WMR16TN.
3. Align remaining holes and secure using supplied bolts and wingnuts.
