POPPIN' PAD CRASHER™

Model No.	Wt. (oz.)	Color Code Number	Depth	Hook
BYPPC3	1/2 oz	900, 901, 902, 903, 906, 907, 908	Topwater	3/0 Double

The Booyah Poppin' Pad Crasher is perfect for those times when you need more surface disturbance to get the fish to commit – windy days, thick slop and finicky fish that have seen other frogs all day long still will take the different action of the Poppin' Pad Crasher. It's great for fishing the slop, but with the cupped mouth, also doubles as a popper/chugger in open water.

PAD CRASHER & PAD CRASHER JR.™

Model No.	Wt. (oz.)	Color Code Number	Depth	Hook
BYPC2	1/4 oz	900, 901, 902, 903, 906, 907, 908	Topwater	2/0 Double
BYPC3	1/2 oz	900, 901, 902, 903, 904, 905, 906, 907, 908	Topwater	3/0 Double

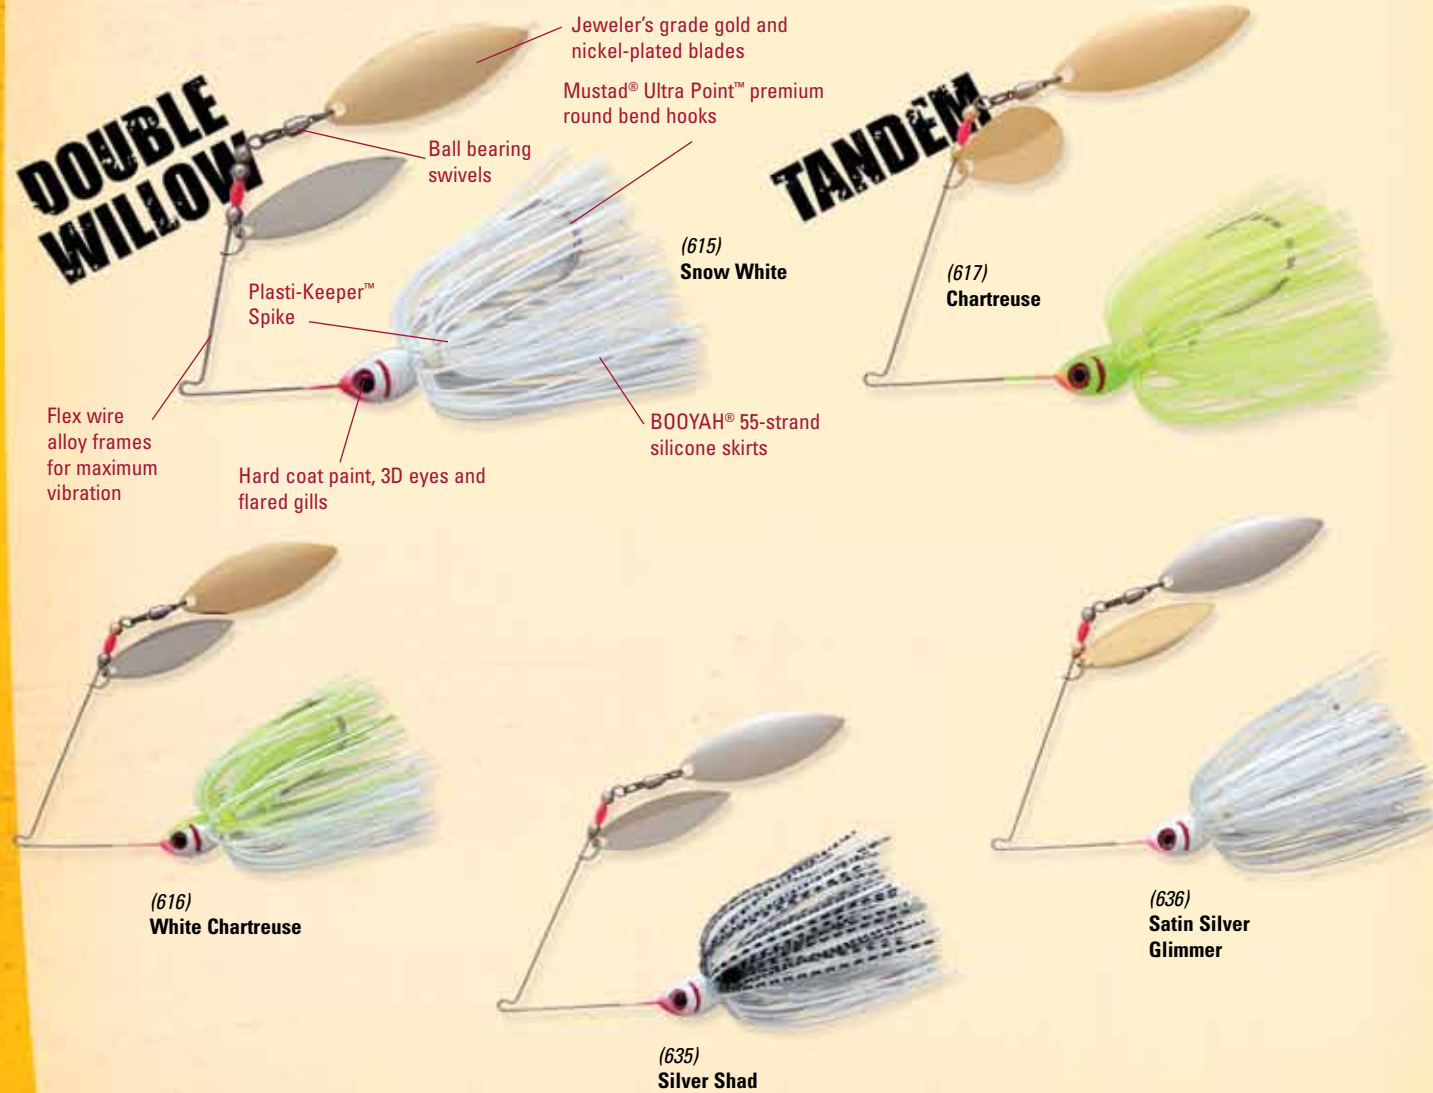

Booyah made quite a splash with the Pad Crasher, a hollow-body frog perfect for throwing in the slop and weeds. The body is structured enough to keep the bait 100 percent weedless to come over and across sloppy weedbeds, yet soft enough to ensure a solid hookset when a bass strikes. The new Pad Crasher Jr. duplicates this balance in a smaller size. It treads lightly and presents a smaller profile, yet it retains enough weight to be thrown on baitcasting gear. Both Pad Crashers feature a super-strong double hook and spinnerbait-style legs.

Added spinnerbait vibration means extra fish-attracting potency, which is part of why angling legend Jimmy Houston can't stop talking about the BOOYAH® Vibra-FLX series. This bait's frame is built from Vibra-FLX wire, which creates more vibration than standard stainless wire. In addition, Vibra-FLX wire offers flexible memory (meaning it remains tuned after several catches) and added toughness (twice as strong as standard stainless wire frames). Every Jimmy Houston Vibra-FLX Spinnerbait comes loaded with great features, including counter-rotating blades and a skirt, which undulates like flat rubber, but because it is silicone, it is much more durable.

Each Pikee also comes with a 12-inch steel leader, so you have everything you need right out of the package. Beyond being tough, this full-featured spinnerbait from BOOYAH Bait Company serves up tremendous action with its skirt, which undulates as the bait moves through the water column.

Model No.	Wt. (oz.)	Color Code Number	Hook

BYAJ12	1/2 oz.	45; 46; 48; 49; 50; 52	5/0 X-Strong

The biggest misconception about bass jigs is that they're just for flippin'. That couldn't be more wrong...the jig is one of the most versatile lures ever. The Booyah A-Jig was designed to come through weeds and brush, and can be flipped, pitched or cast, and even excels as a swimming jig. The cone-shaped head and offset line tie lets the A-Jig snake through weeds and brush without snagging, and the extra-long 30-strand skirt is a combination of heavy round rubber and silicone strands, so it billows and undulates with the slightest twitch. A 5/0 X-Strong hook sticks and holds bass with authority. The A-Jig is available in three sizes and six color patterns.

PIGSKIN™ JIG

Rocky areas are perfect for crawfish-imitating lures, but if your jig is not designed to be fished in the cracks and crevices where crawfish hide, you're going to lose a lot of baits. The Booyah Pigskin Jig features a football-shaped head that resists the jig-eating nooks and crannies that are so appealing to crawfish and bass. That shape keeps it from wedging in, and wobbles it free of most rocky situations. The extra-long skirt is a combination of rubber and silicone strands for a big billowing action and a sweet undulating swimming motion. Available in four sizes with either 3/0 or 4/0 Gamakatsu® hooks, and six color patterns.

Add an XCalibur® Tx3™ hook designed specifically for the Swim'n Jig™, magnum red rattle and a Plasti-Keeper™ spike behind the skirt collar and you have the jig that will change the way you fish.
