Imagine the possibilities...

A Message From Our General Manager:

Vulcan Information Packaging was founded in 1947 and remains one of the strongest companies in America that manufactures custom information packaging.

Our strength lies in the hands of our many long-term employees. Custom manufacturing requires experience. Over half of our manufacturing staff has been employed for over ten years. Only 15% of our workforce has less than five years experience.

Financially our company is strong. Our parent company, EBSCO Industries, has annual sales that surpassed \$1 billion in 1997. EBSCO is diversified and can offer multiple services from different divisions to the same customer. Servicing our customer often relates to make, hold and release requirements. Our state-of-the-art warehouse and fulfillment facility, combined with our financial strength, allows Vulcan to offer services that are often avoided by the competition.

We welcome you to visit our plant in Vincent, Alabama and see our people at work. A walk through our facilities has given many of our present day customers new ideas that offer innovative ways to package their product. We promise we will listen to your needs and be willing to help you develop, sample and manufacture to your requirements.

Barry N. Franklin, General Manager

Imagine doing business with an award winning member of BIA (Binding Industries Association International). Our manufacturing plant is equipped to produce product in quantities from one to hundreds of thousands. You will be supported by a staff of over 250 people in a plant and office with 200,000 square-feet of space located in Vincent, Alabama.

Vulcan Information Packaging

Imagine impressing your customers so much with your presentation and promotional packaging that they can't wait to buy your products. Vulcan will help you create

Vinyl Binders

Screen printed spot & process color

Get any color ink on any color material using opaque inks! Cost effective 4-color process for white vinyl.

Offset/litho

The ultimate in quality printing on vinyl—litho printing using 150 lpi screen ruling directly onto white vinyl.

Clear overlay

If your "must have" date is tomorrow, our quality clearview binders are the solution. Delivered fast and reusable for your next application.

Pictorials

Color printed covers and spine are sealed entirely under clear vinyl to make a sturdy and highly usable binder.

Easels

Make an impressive table-top presentation using one of our many easel style binders. Great for production notes or recipes, too.

Digital offset

Digitally printed on reverse side of clear vinyl, great effect!

Magazine Binders & Collectors

Protect, display and organize your magazines, single or multiple copy holders.

Vinyl Trojans

High capacity and extremely durable, great for catalogs, price lists and reference files.

Poly Products

Flexible, light-weight, and extremely durable. Great for outdoor use.

Casemade Binders

A traditional look and feel. Choose from a wide selection of cloth and canvas materials and other unique finishes.

Film Laminated Wraps

A modern, contemporary style. Continuous high-quality litho printing.

Paperboard & Chipboard

Unique, environmentally-friendly binders – inexpensive, in a variety of styles and custom cuts.

Casemade Trojans

High capacity, heavy-duty use, handle optional. Ideal for price lists and reference files.

Stitched Products

Rich, luxurious, high-quality detailed workmanship in binders, padholders, travel portfolios, and more!

Slipcases

Store your binder in a matching slipcase for protection and a finished look.

Boxes

Any shape, size or style, custom designed for your special needs!

Multi-Media Packaging

Software,
CD/DVD,
Audio,
Video

Marketing Kits

Innovative packaging designed just for your samples!

Check Imaging Binders & Tabs

Enhance your bank's Check Imaging Program with customized binders and tabs.

Index Tabs

Boredom is not a requirement! Try a different, unique cut or stick with our standard cut.

Print-On-Demand & Color Text Printing

Fast turnaround, clear and crisp digital printing, black/white or color.

Paper Presentation Binders & Folders

Literally hundreds of styles available. Great for presentations, trade shows and seminars.

Imagine the decorating...

Spot and process color screen-printing

Offset/litho

Foil stamp

Blind deboss

Foil stamp/deboss to register

Applique

Multi-technique decorating

Imagine the service...

Imagine the solution:

Give us a challenge!

“Design a package to hold these bottles. We want the packaging to look like the bottles. Also, we’d like to use the packaging as an easel for presentation. Can you do it?”

Yes!

Imagine getting it all from one source:

Imagine one source producing all your products, putting all the pieces together and shipping one complete package to you or to individual locations!
